WORK EXPERIENCE

Dashboard & Analytics Intern

Data BI, NSTP, NUST

07/2021 - 09/2021

Islamabad

Data BI is a data Visualization and Insights gathering company. Data BI develops business intelligence tools, dashboards, reports, data visualizations for multiple organizations, startups and institutes.

Achievements/Tasks

- During my internship, I was responsible for dashboarding and reporting of data. My primary job responsibilities included extracting data from different sources, integrating different data sources with BI tools, data cleaning and then creating dashboards to create nicely formatted visuals.

Data Analyst

CreditPer, Blue Area, Islamabad

09/2021 - Present

Islamabad

CreditPer is a licensed lending platform that does data driven decision making and assessment for individuals and small businesses with speed, and the ability to entertain.

Achievements/Tasks

- My job responsibilities as a data analyst are to analyze data and present reports to the upper management from different platforms which includes Firebase, Google BigQuery, Postgres SQL database and Marketing platforms to track the progress. Moreover, I am also responsible for data quality management. The BI stack, I am working with includes Power BI, Data Studio & Tableau.
