2019-11 -  
2020-02

### Medical Coder

#### MD Vision

I am a certified professional coder had done a lot of HCC Projects as well as i work on patient charts and focus on their proper coding and proper claim submission with essential modifiers for generating maximum revenue and greater reimbursement for the provider and the organization.

2016-09 -  
2019-10

### Clinical Coordinator

#### HQ Analytics

I am proficient in making progress notes of the patients from superbills and virtual information provided to me by the providers. When entering medical data i get into a rhythm of typing in numbers while scanning patients's files with my eyes to quickly enter initial data.

I always review my work before submitting, pointing at key patient data with my finger or pen while highlighting the digital entry with my mouse to ensure that they match.
