## PROFILE

I am an experienced student with a demonstrated history of working in multiple part-time positions, skilled in self-management, public speaking, customer support, and sales.

I am currently a student at the International School of Karachi, where I have received several certificates for extra-curricular activities.

I recently gained experience working as a sales executive at Ossols Private Limited for 2 months, and have been involved in numerous community work and internships before.

I hope to become part of a well-known firm that helps me grow and pursue a career while also allowing me to put my abilities and knowledge to good use under their expert direction.
