

Muhammad Abu Bakar

Student of FAST-NUCES

I am a graduate of FAST University. I am a talented, ambitious, and hardworking individual with broad skills and experience in Computer Science. My Bachelor's degree in Computer Science has enhanced my proficiency in developing different web applications along with testing of those applications. Currently now, I am searching for a platform that can provide me with an opportunity to showcase my skills and enhance my overall learning.

EDUCATION

BS(COMPUTER SCIENCE) FAST NATIONAL UNIVERSITY

08/2019 - Present

CGPA: 3.22

Courses

- All Computer Science courses

PRE-ENGINEERING Adamjee Science College

07/2017 - 08/2019

Courses

- All Pre-engineering courses

PROJECTS

Library Management System (C++)

Implementation of Process Scheduling Algorithms (OS)

Implementation of Data Structures Algorithms (Python)

E-commerce Website (Implementation & Testing)

Travel Management Website (.NET)

Online Ticket Master (.NET)

SQL Injection Attack (Research Based Project)

WORK EXPERIENCE

Junior Software Developer Paperless Technology Software House

07/2021 - 09/2021

Sharah-e-Faisal Karachi, Pakistan

Paperless Technology (PLT) is a renowned software house for their accomplishments in different web services. This software house is in collaboration with different companies like MartinDow, Philip Morris. This software house gives an opportunity to junior and senior developer both in order to show their potentials

Achievements/Tasks

- I joined PLT as an internee where I developed my skills in ASP.net, SQL server, and the formation of RDLC reports. Throughout my internship, I was responsible for managing their travel management website, which involved working with various databases and advanced SQL queries. Furthermore, I deployed that website on AWS platform using AWS instances.
