OBJECTIVE:

An ambitious undergraduate computer science student with a keen interest in artificial intelligence (AI). I am eager to contribute to innovative projects while further developing my expertise in areas such as software development and database management. With a strong passion for technology and a drive to learn, I am seeking an opportunity to collaborate with a dynamic team of professionals and gain hands-on experience in the field. I am dedicated to expanding my knowledge and skills in the field. Proficient in problem-solving, I have successfully completed projects, including a restaurant management system and a library management system, utilizing ASP .Net.
