EXPERIENCE

Nov 2021 - Nov 2023

Daewoo FasteX

Front Desk Assistant
Sir as you know that logistics work is booming nowadays and it is a very challenging environment and therefore one has to work in a very fast paced environment so the long time I worked there on logistics softwares. All the data entry and front disk work and all the deliveries to and from the office were managed by me along with the payments and this experience is a good experience in my career from which I learned a lot.

April 2022 - Feb 2023

PK Properties

Social Media Marketing Assistant
As a social media marketer I managed all social media platforms of PK Properties like Facebook Twitter Instagram and WhatsApp channels and created content to engage the public and analyzed metrics and effective marketing strategies. We used to apply so that more and more people would buy land from us and our influence in the market would increase. And once I got a 1 crore deal due to my social media marketing and it was the biggest deal I ever got through my marketing strategies.
