**MSc PROJECT****Title “An Analysis of the Management of Private Security Companies”**

A core issue of the State of Pakistan, most neglected, was touched; deeply analyzed highlighting its importance in the prevailing circumstances like Terrorism, Extremism thereby formulating bi-Laws by the Private Security Companies. It was recommended to impart training to their Security Staff inclusive of the use of modern sophisticated weapons and equipment with proportionate increase of salary of the Security Staff and timely payment thereof.

Be it known that the Private Security Companies are largely hired by Government and Private Organizations for security purposes.
